

PLASTIC OCEAN POLLUTION SOLUTIONS

STEM EDUCATION AND LEADERSHIP PROGRAM

The **Plastic Ocean Pollution Solutions (POPS) Education and Leadership Program** is an exciting environmental outreach program, the goal of which is to launch a wave of youth-led action and awareness campaigns throughout the world to reduce plastic waste by educating, motivating, and empowering youth.

As the pioneers in the study of plastic pollution, **Algalita Marine Research and Education** offers FREE educational programs based on real-world science and research. Let our team help you inspire solutions to plastic pollution in your classroom!

FREE RESOURCES AND PROGRAMS

DEBRIS SCIENCE INVESTIGATION KITS

Cultivate the inner scientist in each of your students with the original Algalita DSI Kit—a complete curriculum set on the impacts of plastic marine debris customized for one 50-minute period. **(Available in United States only)**

STEM WORKSHOPS (Science, Technology, Engineering, and Math)

Invite Algalita to your classroom or schedule a visit to our lab in Redondo Beach, CA. Based on the needs of your class, we'll customize a presentation, workshop or small group activity conducted by our qualified educators and researchers. **(Skype presentations available for classrooms outside Southern California)**

TEACHER WORKSHOPS

Learn tips on how to engage your students in real-world science at an Algalita Teacher Workshop. Check our website calendar for dates and locations. **(Available in Southern California only)**

2015 POPS INTERNATIONAL YOUTH SUMMIT (FEBRUARY 2015)

Join 75 students and advisors at the POPS Int'l Youth Summit! Work directly with scientists, artists, media pros, and sustainability experts to refine your project **idea**. Learn how to become a leader in your community by launching an action-plan to help solve plastic pollution worldwide. **(International)**

What you need to apply:

- A team of 2-4 students (ages 11 – 18).
- A project IDEA related to plastic waste reduction or plastic waste awareness.
- Visit www.algalitayouthsummit.org and submit your idea to be selected for the Summit by November 7, 2014.
